New product release announcement TAPENER HT-S60E Strong bind “Larger jaw” model

February 2022

Dear valuable MAX dealers.

We are pleased to announce new Max TAPENER series called HT-S60E Strong bind “Larger jaw” model is launched. Max TAPENER HT-S60E Strong bind “Larger jaw” model performs 4.6 times strong pull apart force of tape binding compare with performance of TAPE-15 thanks to the combination of dedicated tape and staples. This stronger pull apart force helps to keep larger plant to stake or wine branch to wire string which are done by other way such as hand tying.

<Tool>

*Japanese package only
